

CS3300 Blackjack Trainer TEST PLAN 1

SAMPLE TEST PLAN OUTLINE

Project Title: Blackjack Trainer

Test Plan 1

Test Objectives:

- Manual Testing
 - Interface

Test Approach:

- System Test – Scenario Testing

Manual or Automated Test: Manual

Test tools: NONE

Test environment: laptop/unity

Test criteria:

- E3.
- Successful push to github. Ability to successfully push project code to github

Test schedule: 9/30/2025

Test team : Logan Morsman

DATE: 11/30/2025

Test Plan 2

Test Objectives:

- Manual Testing
 - Assets

Test Approach:

- System Test – Scenario Testing and Asset Validity

Manual or Automated Test: Manual

Test tools: NONE

Test environment: laptop/unity

Test criteria:

- 4E.
- Repeatedly testing the appearance of the deck asset in each game mode.

Test schedule: 11/30/2025

Test team: Kai Garcia-Curran

DATE: 11/30/2025

Test Plan 3

Test Objectives:

- Manual Testing
 - Assets

Test Approach:

- System Test – Scenario Testing and Asset Validity

Manual or Automated Test: Manual

Test tools: NONE

Test environment: laptop/unity

Test criteria:

- 5E.
- Repeatedly checking the appearance of card assets in each game mode

Test schedule: 11/30/2025

Test team: Kai Garcia-Curran

DATE: 11/30/2025

Test Plan 4

Test Objectives:

- Manual Testing
 - Assets

Test Approach:

- System Test – Scenario Testing and Asset Validity

Manual or Automated Test: Manual

Test tools: NONE

Test environment: laptop/unity

Test criteria:

- E6.
- Observing the appearance of each face card asset in the player hand of every gamemode and that it adds the correct numerical value to the count total.

Test schedule: 11/30/2025

Test team: Kai Garcia-Curran

DATE: 11/30/2025

Test Plan 5

Test Objectives:

- Manual Testing
 - Assets
 - End-to-End Behavior logic

Test Approach:

- System Test – Scenario Testing and Asset Validity

Manual or Automated Test: Manual

Test tools: NONE

Test environment: laptop/unity

Test criteria:

- E7.
- Observing the appearance of each card asset in the dealer hand of every gamemode.

Test schedule: 11/30/2025

Test team: Kai Garcia-Curran

DATE: 11/30/2025

Test Plan 6

Test Objectives:

- Manual Testing
 - Assets
 - End-to-End Behavior Logic

Test Approach:

- System Test – Scenario Testing and Asset Validity

Manual or Automated Test: Manual

Test tools: NONE

Test environment: laptop/unity

Test criteria:

- E8.
- Observing the appearance of the deck asset in each game mode

Test schedule:

Test team: Kai Garcia-Curran

DATE: 11/30/2025

Test Plan 7

Test Objectives:

- Manual Testing
 - Assets

Test Approach:

- System Test – Scenario Testing and Asset Validity

Manual or Automated Test: Manual

Test tools: NONE

Test environment: laptop/unity

Test criteria:

- E9
- Observing the appearance of all menu buttons
 - Play
 - Standard Mode
 - Strategy Mode
 - Card Counting Mode
 - Tutorial
 - Quit

Test schedule: 11/30/2025

Test team: Kai Garcia-Curran

DATE: 11/30/2025

Test Plan 8

Test Objectives:

- Manual Testing
 - Assets

Test Approach:

- System Test – Scenario Testing and Asset Validity

Manual or Automated Test: Manual

Test tools: NONE

Test environment: laptop/unity

Test criteria:

- E10
- Observe the appearance of each card, every number and every suit.,

Test schedule:

Test team: Kai Garcia-Curran

DATE: 11/30/2025

Test Plan 9

Test Objectives:

- Manual Testing
 - Interface
 - Menu Selections
 - End-to-End Behavior Logic

Test Approach:

- a. Integration Test – Interface Testing

Manual or Automated Test: Manual

Test tools: NONE

Test environment: laptop/unity

Test criteria:

- E11
- Flow of hit or stand, to play again, to quit.

Test schedule:

Test team: Kai Garcia-Curran

DATE: 11/30/2025

Test Plan 10

Test Objectives:

- Manual Testing
 - Interface
 - Menu Selections

Test Approach:

- Interface Menu Selections

Manual or Automated Test: Manual

Test tools: NONE

Test environment: laptop/unity

Test criteria:

- E12
- Both hit and stand buttons are functional

Test schedule:

Test team: Kai Garcia-Curran

DATE: 11/30/2025

Test Plan 11

Test Objectives:

- b. Manual Testing
 - i. Interface
 - ii. Menu Selections

Test Approach:

- Integration Test – Interface Testing

Manual or Automated Test: Manual

Test tools: NONE

Test environment: laptop/unity

Test criteria:

- E13
- Check that the game starts upon click of the run game button

Test schedule:

Test team: Kai Garcia-Curran

DATE: 11/30/2025

Test Plan 12

Test Objectives:

- Manual Testing
 - Menu Selections
 - End-to-End Behavior Logic

Test Approach:

- Integration Test – Interface Testing

Manual or Automated Test: Manual

Test tools: NONE

Test environment: laptop/unity

Test criteria:

- E16
- See that every button correctly functions

Test schedule: 12/01/2025

Test team: Kai Garcia-Curran

DATE: 11/30/2025

Test Plan 13

Test Objectives:

- Manual Testing
- Interface
- End-to-End Behavior Logic

Test Approach:

- Integration Test – Interface Testing

Manual or Automated Test: Manual

Test tools: NONE

Test environment: laptop/unity

Test criteria:

- E17
- See that the strategy tooltips appear and that they prove the correct logic

Test schedule: 12/01/2025

Test team: Kai Garcia-Curran

DATE: 11/30/2025

Test Plan 14

Test Objectives:

- Manual Testing
 - Menu Selections

Test Approach:

- Integration Test – Interface Testing

Manual or Automated Test: Manual

Test tools: NONE

Test environment: laptop/unity

Test criteria:

- E18
- See that every mode selection button leads to the correct game mode.

Test schedule: 12/01/2025

Test team: Kai Garcia-Curran

DATE: 11/30/2025

Test Plan 15

Test Objectives:

- Manual Testing
- Interface
- Menu Selections Assets
- End-to-End Behavior Logic

Test Approach: (Define WHAT you plan to test. EXAMPLES)

- Unit Test – Logic Test

Manual or Automated Test: Manual

Test tools: NONE

Test environment: laptop/unity

Test criteria:

- E19
- See that wins, losses, and draws are given in the correct instance.
- See that the count has the correct correlation with the cards drawn

Test schedule:

Test team (list by name): Kai Garcia-Curran

DATE: 11/30/2025

Test Plan 16

Test Objectives:

- Manual Testing
 - Interface

Test Approach:

- Unit Test

Manual or Automated Test: Manual

Test tools: NONE

Test environment: laptop/unity

Test criteria:

- E20.
- Repeatedly checking that the tutorial text populates when you select tutorial mode

Test schedule: 10/5/2025

Test team: Logan Morsman

DATE: 11/30/2025

Test Plan 17

Test Objectives:

- Manual Testing
- Interface
- Menu Selections Assets
- End-to-End Behavior Logic

Test Approach:

- Unit Test – Logic Test

Manual or Automated Test: Manual

Test tools: NONE

Test environment: laptop/unity

Test criteria:

- E21
- See that hit and stand function correctly
- See that strategy recommendations are correct
- See that strategy recommendations change with each card drawn and round

Test schedule: 12/01/2025

Test team: Kai Garcia-Curran

DATE: 11/30/2025

Test Plan 18

Test Objectives:

- Manual Testing
 - Interface
 - Menu Selections
 - Assets
 - End-to-End Behavior Logic

Test Approach:

- Unit Test – Logic Test

Manual or Automated Test: Manual

Test tools: NONE

Test environment: laptop/unity
